

EVENT TECHNOLOGY SERVICES

DEDICATED TO EVENT TECHNOLOGY

Flashlight Event- und Mediatechnik AG is one of Switzerland's major event technology companies. More than 30 years, we provide equipment and man-power at public and corporate events as well as at trade shows. Ambient and show lighting, audio systems for speeches, concerts and parties as well as video hard- and software for your messages. Our long-standing and knowledgeable staff are experienced specialists in the operation of our installations.

Take advantage of our services for your event: technology planning, setup and operation – you get all this from a single source with us.

OUR SERVICES

No matter what kind of event you will have, you most probably need audio, light or video equipment to enhance your appearance. We offer all the tools you need and a lot of manpower. In fact, our team is available daily 24 hours.

Every Event usually starts weeks before the happening. We will plan all technical requirements as per our clients wishes. All the equipment will be on spot and be installed at the moment you need it. Since we support about 1000 events per year with different requirements, you can be sure, that even with a short term need or change, we can help you.

Conference, party, award ceremony... get in touch with us and let us support you to make your event unforgettable.
